Mr. Michael K. Powell  
Commissioner  
Federal Communications Commission  
445 12th Street SW  
Washington, D.C. 20554

Dear Michael:

Please find enclosed a letter from one of my constituents, Ms. Cindy Barker of Saint Albans, WV. Ms. Barker contacted my office with concerns regarding the FCC's proposed rules for the implementation of broadband over power lines (BPL). I have forwarded Ms. Barker's letter to you so that you may be made aware of her concerns. I would appreciate it if you would respond directly to Ms. Barker, and to include a copy to my office as well so that I may be apprised of the situation. Thank you for your time and consideration.

Sincerely,

John D. Rockefeller IV

**To:** Rockefeller, Senator (Rockefeller)  
**Subject:** BPL and the FCC

Dear Senator Rockefeller,

I'm writing to request that you take a look and help others consider carefully what the FCC is proposing with Broadband over Power Lines (BPL). This does not sound like a step of progression, but regression. Even Japan tried and scrapped the idea.

It is my understand that FEMA has already reported that BPL would effectively destroy our emergency communications, including rendering HAM radio obsolete. This is not something we can even consider while we are at war. Please do what you can to share this word.

I appreciate your hard work, Senator Rockefeller. Keep up the GREAT WORK for the folks of West Virginia, and of this great nation!

Kindest Regards from a grateful WV Democrat,

Cindy Barker
