Re: *Oral Ex Parte Presentation*  
*AT&T Wireless Services, Inc. and Cingular Wireless Corporation,*  
WT Docket No. 04-70, DA 04-932, File No. 0001656065 *et al.*

Dear Ms. Dortch:

On July 8, 2004, representatives of Cingular Wireless LLC and AT&T Wireless Services, Inc. (the "parties"), as designated on the attached list, met with representatives of the FCC, as designated on the attached list, to discuss the June 30, 2004 information request in this proceeding.<sup>1</sup> The parties further discussed how to facilitate providing the FCC with the information it needs quickly and in a usable manner, while ensuring the confidentiality of competitively sensitive information. In addition, the parties elaborated on the discussion from the July 6 and 7 meetings,<sup>2</sup> where they outlined their views on the scope of a search that would be reasonably responsive to the information requests within the time allowed. The parties also reviewed with the staff the job titles and responsibilities of some of their respective employees whose responsibilities suggest that they may possess documents relevant to the information requests in Attachments A and B. The names of the employees mentioned in the meeting are set forth in the enclosed lists.

The FCC representatives also informed the parties that last two sentences of Information Request A.III.24 should no longer be considered part of that request. Furthermore, in a communication sent to the parties shortly after the meeting, the FCC representatives informed the parties that Information Requests B.1.d and B.1.e should be revised as set forth in the enclosed.
