Re: Request for Waiver of Application Filing
Fees on behalf of Net Radio Group
Communications, LLC
Fee Control No. 0403238994760001A

Dear Mr. Burtch:

This letter responds to your request dated March 19, 2004 for waiver and refund of the application filing fees for an extension of the construction deadline for 127 220-MHz licenses held by Net Radio Group Communications, LLC (Net Radio Group), and for assignment of these licenses to the Chapter 7 Estate of Net Radio Group (Estate). Our records indicate that you have paid these fees, the total amount of which is \$25,400.

In support of this request, you assert that Net Radio Group is currently the subject of proceedings under Chapter 7 of the Bankruptcy Code. In view of the ongoing bankruptcy, you request a waiver and refund of the licensee's application filing fees.

Section 1.1117 of the Commission's rules, 47 C.F.R. § 1.1117, provides that filing fees may be waived upon a showing of good cause and a finding that the public interest will be served thereby. See Establishment of a Fee Collection Program To Implement the Provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985, 3 FCC Rcd 3558, 3572-73 (1990). Section 1.1117 further provides that an applicant seeking a waiver of the filing fee requirement include the applicable fee with its waiver request, and also provides that the fee will be returned if the waiver is granted. Id.

We find that the bankruptcy filing involving Net Radio Communications substantiates your claim of financial hardship and demonstrates good cause for waiver and refund of the filing fees at issue here. See MobileMedia Corporation, 14 FCC Rcd 8017, 8027 (1999) (bankruptcy establishes good cause for waiver of filing fee).

¹ Your request was transmitted by cover letter dated March 20, 2004, "under authority of the Trustee" from Warren Havens, as Assistant to the Trustee. Mr. Havens submits a Declaration stating that he made a loan to the Estate so that it could pay the application fees in issue. Also attached is an order of the bankruptcy court approving the loan agreement between Mr. Havens and the Trustee.

Jeffrey L. Burtch , Esq.

2.

A check, made payable to the maker of the original check and drawn in the amount of \$25,400, will be sent to you at the earliest practicable time. If you have any questions concerning this refund, please contact the Revenue and Receivables Operations Group at (202) 418-1995.

Sincerely,

Chapter 7 Bankruptcy Status of NRG

See Attachments 1, Order for Relief, and Attachment 2, appointment of the Trustee. These are self explanatory. In this regard, contemporaneously with the filing of this Request, the Estate is filing a Form 601 request for extension of the construction deadline of all of the FCC licenses affected by the Court's Order for Relief, and a Form 602, reporting ownership by the Estate of these licenses and control by the Trustee. See also Attachment 3, Declaration of Warren C. Havens, the lead creditor of NRG, which relates to the current distressed financial condition of the Estate and describes Mr. Havens' loan to the Estate to provide the needed funds for the Application fees subject of this Request.

The NRG Bankruptcy is Grounds for Relief

The Commission has a well-established policy with regard to bankruptcy generally being grounds to waive application fees, and clearly being so in cases such as NRG's bankruptcy where (i) the applicant is a small entity, (ii) it is clearly financially distressed (in Chapter 7) and virtually out of cash, and (iii) the subject fees are very modest in quantity per standards (a waiver cap) set by the Commission.

This policy is set forth In the Matter of Assessment and Collection of Regulatory Fees for Fiscal Year 2003, *Report and Order* (the "*R&O*").³

iv. Adjustment of Fee Waiver Policies

(a) The fees established by this subpart may be waived or deferred in specific instances where good cause is shown and where waiver or deferral of the fee would promote the public interest.

² Under Section 1.1113(5) there will be a "return or refund of charges when a waiver is granted" Under 1.117(e) "[s]ubmitted fees will be returned if a waiver is granted."

³ MD Docket No. 03-83, released July 25, 2003.

11. In our NPRM, we addressed the policies applicable to granting fee waivers based on financial hardship.⁴ We emphasized that under existing policy, although evidence of bankruptcy or receivership is generally sufficient to establish financial hardship, case-by-case review of fee waiver requests is necessary to determine whether a waiver would be in the public interest, even in bankruptcy cases. We also sought comment on whether we should set a cap on the amount of fees that we will generally waive in circumstances involving bankruptcy and otherwise. We tentatively proposed a cap of either \$500,000 or \$1 million on the amount of fees that would be waived for a single entity and its affiliates.

12. Only one commenter, the Verizon telephone companies (Verizon)[], responded to this proposal. Verizon asserts that the Commission should not grant fee waivers based on bankruptcy. According to Verizon, doing so unfairly shifts the cost of the bankrupt's failure to the Commission and to the bankrupt's competitors, who will have to pay higher fees and suffer competitive disadvantage. . . .

13. Although we share Verizon's concern over the impact that bankruptcies may have on our ability to collect fees, we find that Verizon's proposals go too far. We continue to believe that in appropriate circumstances the public is served by assisting financially distressed telecommunications companies, especially small entities, by granting them relief or partial relief from Section 8 and Section 9 fees, and thereby assisting them in remaining effective competitors in the telecommunications marketplace. We also believe that bankruptcy generally represents sufficient evidence of financial hardship to warrant granting a waiver. Our concerns in this regard are distinct from those taken into account by a bankruptcy court in setting the respective priorities of various types of obligations and discounting them where appropriate.⁵

Notice of Proposed Rulemaking, 68 FR 17577 (released April 10, 2003), paragraphs 10-12 (the "NRPM").

⁵ Footnote in original:

Verizon notes that in our NPRM we stated with respect to fees in excess of the proposed cap: "By leaving the ultimate disposition of these large fees to bankruptcy law, rather than waiving them, we believe that we would be giving due regard to our congressionally-mandated obligation to collect regulatory fees. Moreover, we believe that we would also be giving due regard to our practice, approved by the courts, of reconciling our regulatory

Bankruptcy law does not limit our ability to forego collecting fees⁶ where the public interest warrants, and we therefore act independently of the bankruptcy law to this extent. On the other hand, we continue to believe that very large waivers would excessively impair our ability to comply with our statutory fee collection responsibilities. Even under existing policy, we might decline a request for such a waiver on a case-by-case basis.

14. Additionally, we believe that a cap on waivers would be a useful means of implementing our policy concerns.⁷ We adopt a cap of \$500,000 applicable both to bankrupt and other regulates asserting financial hardship, and we will amend the rules accordingly.⁸ We believe that granting fee waivers of greater than this amount would tend to have a negative impact on our ability to meet our statutory responsibilities. Fees owed above the cap would be subject to the provisions of the Bankruptcy Act in cases of bankruptcy. In other cases of asserted financial hardship, we may consider waiver, partial waiver, or deferral of fees above the cap on a case-by-case basis. As noted in the *NPRM*, in computing the cap we will aggregate all subsidiaries and other affiliated entities of a particular regulatee. Additionally, in computing the cap we will aggregate the total Section 8 application fees and Section 9 regulatory fees for a given fiscal year, including Section 9 fees due in a fiscal year but paid prior to the due date. The cap will apply to all waiver requests pending as of the effective date of the new rule. Adoption of the fee waiver cap does not limit our ability to grant or deny any current pending waiver requests. We anticipate that we will revisit the amount of the cap in subsequent fee rulemakings as warranted by changing conditions. We may also give

responsibilities with the goals of the Bankruptcy Act.” Verizon contends that we should treat all fees from companies in bankruptcy consistent with this approach. We believe, however, that smaller fees warrant a different public interest balancing than larger fees and that we should continue to grant waivers for smaller amounts. [Underlining added.]

⁶ Footnote in original:

See 11 U.S.C. §§ 501, 502(a), 726 (claims have priority only upon creditor’s timely filing of a proof of claim).

⁷ Footnote in original:

The fee waiver cap we adopt is intended to limit the circumstances in which financial hardship will be considered as a basis for granting a fee waiver. It does not affect the procedures for processing waiver requests.

further consideration to Verizon's proposals if our further experience suggests that this would be desirable.

The above *R&O* policy decision on fee waivers adopted the Commission's proposal in the preceding *Notice of Proposed Rulemaking*, as follows:⁹

iv. Adjustment of Fee Waiver Policies

10. Section 9 of the Communications Act (47 U.S.C. §159) requires the Commission to assess and collect regulatory fees to cover the costs of certain regulatory activities. The statute also specifies when these fees may be waived.¹⁰ Additionally, Section 8 of the Communications Act (47 U.S.C. §158) requires the Commission to collect application fees to reimburse the United States for amounts appropriated to the Commission (see 47 U.S.C. §158(e)). These fees may also be waived.¹¹ The Commission clarified the general policies applicable to waivers, including those based on financial hardship, in *Implementation of Section 9 of the Communications Act*.¹², that

⁹ *Notice of Proposed Rulemaking*, 68 FR 17577 (released April 10, 2003) (the "*NPRM*").

¹⁰ Footnote in original:

Section 9(d) (47 U.S.C. §159(d)) provides that: "The Commission may waive, reduce, or defer payment of a fee in any specific instance for good cause shown, where such action would promote the public interest." See also 47 C.F.R. §1.1166 (implementing statutory provision).

¹¹ Footnote in original:

Section 8(d) (2) (47 U.S.C. §158(d)(2)) provides that: "The Commission may waive or defer [payment of an application fee] in any specific instance for good cause shown, where such action would promote the public interest." See also 47 C.F.R. §1.1117 (implementing statutory provision).

¹² Footnote in original:

We held generally that we would waive regulatory fees on a case-by-case basis upon a demonstration of: "'extraordinary and compelling circumstances' outweighing the public interest in recouping the cost of the Commission's regulatory services from a particular regulatee." 9 FCC Rcd

“We will grant waivers of the fees on a sufficient showing of financial hardship.”¹³ We further stated that: “It will be incumbent upon each regulatee to fully document its financial position and show that it lacks sufficient funds to pay the regulatory fees and to maintain its service to the public.”[] Additionally, we explained that “Evidence of bankruptcy or receivership is sufficient to establish financial hardship. . . . Thus, we will waive the regulatory fees for licensees whose stations are bankrupt, undergoing Chapter 11 reorganizations or in receivership.”[]¹⁴

11. Although fee waivers will generally be given in cases of financial hardship, we nevertheless note that even under our current policies, in some circumstances a significant question may exist as to whether bankruptcy represents extraordinary and compelling circumstances justifying a waiver when balanced against the public interest in reimbursing the Commission for its costs as reflected in the statutory fee provisions. A policy of automatically granting a waiver, in the case of large entities owing millions of dollars in fees, for example, might have significant impact on the Commission’s overall ability to collect fees to reimburse the government for its costs as required by law. Therefore, under such circumstances a waiver may well not promote the public interest, as provided in sections 8(d)(2) and 9(d). We therefore emphasize that under the statutory waiver provisions, case-by-case review of fee waiver requests is necessary to determine the public interest, even in bankruptcy cases.

12. We also seek comment on whether we should set a cap on the amount of fees that we will generally waive in circumstances involving bankruptcy or otherwise. [See R&O decision on this, above.]

See also Mobilemedia Corp., 14 FCC Rcd 8017, 8027 ¶ 40 (1999) (applying this policy to Section 8 application fees). [Second underlining added. Herein, “*Mobilemedia*.”]

Above, in the *NPRM*, the Commission makes clear that generally bankruptcy is grounds for waiver of Section 8¹⁵ applications fees—such as the instant Application fees—not only annual regulatory fees, and in this regard the leading precedent is cited, *Mobilemedia Corp* (see footnote).

In sum, in the *NPRM* and the subsequent *R&O* essentially adopting the *NPRM*'s proposal, the Commission made clear (i) that the exceptions to the general policy of granting Section 8 application fee waivers in cases of applicant bankruptcy are "large entities owing millions of dollars in fees," (ii) that the policy clearly applied to "financially distressed telecommunications companies, *especially small entities*," and (iii) that it "should continue to grant waivers for smaller amounts." This Request squarely satisfies the standards set forth in the above policy, and in numerous Commission and DA precedents implementing the above, prior to and after the above *NPRM* and *R&O*.

For example, in *MobileMedia*,¹⁶ cited by the Commission in the *NPRM* above, the Commission found:

39. Application fees. MobileMedia seeks a waiver of several thousand dollars in application fees paid in conjunction with the applications related to the reorganization. MobileMedia submits that relief from the fees is appropriate to enable a bankrupt company to conserve its resources for the benefit of innocent creditors as contemplated by the bankruptcy code. The Bureau does not oppose this request.

40. Section 1.1117 of the Commission's rules, 47 C.F.R. § 1.1117, provides that filing fees may be waived upon a showing of good cause and a finding that the public interest will be served thereby. We find that MobileMedia's bankruptcy establishes good cause for waiver of the filing fee. Cf. Implementation of Section 9 of the Communications Act Assessment and Collection of Regulatory Fees for the 1994 Fiscal Year, 10

¹⁵ 47 *CFR* Section 8.

¹⁶ Mobilemedia Corp., 14 *FCC Rcd* 8017, 8027 ¶ 40 (1999).

FCC Rcd 12759, 12762 (1995) (finding evidence of bankruptcy or receivership sufficient to establish financial hardship for purposes of waiver of regulatory fees). Moreover, waiver of the fee will serve the public interest by enabling Mobilemedia to preserve assets that will accrue to innocent creditors. Thus, under the circumstances of this case, we find that waiver of the filing fee is appropriate.

[Underlining added.]

In the instant case, not only is NRG a much smaller company than MobileMedia, but also the innocent principal creditor, Mr. Havens is, as shown in Exhibit 3, loaning additional sums to the Estate of NRG just to pay the instant Application fees. Thus, the above rational of the Commission is especially supportive of grant of this Request.¹⁷

Failure of 220 MHz Equipment and Service Opportunities
Also Justify Grant of Relief

In addition, the circumstances in which the Estate requests, in its Form 601 application noted above, extension of its 220 MHz licenses, also warrant grant of this Request under the above-stated policy, independent of the bankrupt status described above. These circumstances are described in detail in the Havens Petition (see footnote 17 above), which the Estate cites as the basis for its extension request in this Form 601 application, in sum: the 220 MHz service is itself “bankrupt”—all of the trunked radio equipment made for 220 MHz trunked licenses failed and has been discontinued, and without this, the business cases and attempts failed. The Trustee

¹⁷ Moreover, Mr. Havens has prepared and submitted to the Commission, at his cost, a petition to extend or waive the five-year construction requirement for EA and Regional 220 MHz license, in part to benefit the Estate by provide the foundation for the instant Application to extend the construction deadline of the Estate’s license (the “Havens Petition”). See Public Notice DA 04-122, released January 21, 2004. As stated in that petition, he is also active in developing new advanced 220 MHz equipment needed to make viable construction and operation of the Estate’s licenses possible, to add value to the licenses, and to enable them to be used for the Commission’s purpose of valuable services to the public.

is diligently acting to preserve the Licenses and will ultimately assign them to qualified parties to use for the Commission's commercial public-service goals for these licenses. However, currently, the above-noted failed condition of 220 MHz trunked equipment and depressed business prospects impose substantial economic hardship that warrant grant of this Request.

Notification Rather Than Application for Approval
Further Justifies Grant of Relief

The Chapter 7 bankruptcy status of NRG, including Estate's holding and the Trustee controlling the FCC licenses formerly held by NRG, is created by action of the United States Bankruptcy Court independent of action or approval by the Federal Communications Commission. Thus, this Form 603 Application serves as notification, not an application for consent or approval. FCC fees are charged to offset costs of the FCC in reviewing, considering, and making determinations of applications for approval or consent.¹⁸ Where only a notification is involved, it should not charge fees, or at the most should charge much lower fees.

Conclusion

Accordingly, due to the above-described bankruptcy situation, the above-noted failed state of 220 MHz equipment and business opportunities, and the notification character of the instant Application, this Request should be granted and the Application filing fees promptly refunded in full. In the alternative, if a full waiver and refund is not granted, then the Commission should waive and refund the fees to the maximum extent it finds appropriate.

¹⁸ See 47 U.S.C. §159(a).

Expedited Action Request

Petitioner seeks expedited action due to the financial hardship imposed by payment of the subject fees on the Estate and its creditor-lender evident by the Chapter 7 status of NRG and also reflected in Exhibit 3 hereto.

Exhibit 3

Declaration of Warren C. Havens

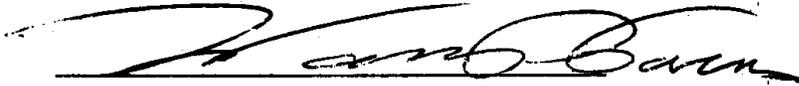

I, Warren C. Havens, declare under penalty of perjury that I have personal knowledge of the following and that the following is true and correct to the best of my knowledge and belief.

See attachment hereto: the Order of the Bankruptcy Court regarding a loan me to the Trustee. This loan was required, as stated in the motion to the Court that gave rise to this Order, since the Estate had virtually no cash on hand and could not otherwise obtain cash in time to pay the fees for the instant Application and another required FCC filing.

I am making this loan so that the Estate can pay to the FCC the required application filing fees for filing the required Form 603 (involuntary assignment) and Form 601 (for an extension of time to construct). There are 127 220-MHz Phase II trunked licenses involved in each. The total fees are in the range of \$30,000. I do not desire to make this loan for the direct economic benefits from the loan, since the interest is the only benefit and it is far insufficient to compensate for the substantial risk, and since I am an FCC licensee (in LMS, VPC, AMTS, and 220 MHz services) and have need to use my cash for my FCC-license based businesses. I make this loan only since I am the largest creditor of NRG (approximately a million dollars in direct cash loan claims) and unless I make this loan the Estate cannot preserve the NRG licenses, which are the principal assets of the Estate and the only means by which the Trustee may eventually be able to pay my claims or some portion thereof.

This Order, and these financial-hardship circumstances, along with the Order for Relief placing NRG into Chapter 7 bankruptcy (see preceding Exhibit 1) make clear the financial hardship on the Estate and myself as lender to pay the instant fees subject of this fee-waiver Request.

As noted above, the described Court Order is attached hereto.

**INTERIM ORDER APPROVING LOAN AGREEMENT BETWEEN CHAPTER 7
TRUSTEE AND WARREN C. HAVENS
AND GRANT LIEN AND SUPER-PRIORITY CLAIM STATUS**

This matter having come before the Court on March 16, 2004 on the Motion of Jeffrey Burch, the Chapter 7 Trustee in the captioned case (the "Chapter 7 Trustee"), for Authorization to Obtain Interim and Final Financing, filed on March 12, 2004 (the "Motion"); and the motion having been orally amended in open Court pursuant to Rule 9013, Federal Rules of Bankruptcy Procedure, and the Court having determined that notice was sufficient under the circumstances and that sufficient legal and equitable bases exist for granting the relief requested,

IT IS HEREBY ORDERED:

1. The Motion is GRANTED.

2. The Loan and the Stipulation Between the Chapter 7 Trustee and Warren C. Havens Regarding Loan Arrangement and Grant of Super-Priority Status (the "Stipulation") is approved.

3. The Chapter 7 Trustee may borrow and Warren C. Havens ("Havens" or the "Lender") may loan up to \$30,000 on the terms of the Stipulation (the actual amount loaned, the "Loaned Amount").

4. Capitalized terms not defined herein have the meaning given in the Stipulation.

5. The Chapter 7 Trustee shall use the Loaned Amount for the sole purpose of filing a petition, joinder and/or similar papers with the Federal Communications Commission in order to preserve the Licenses.

6. The Lender is hereby granted a super-priority claim (the "Super-Priority Claim"), pursuant to section 364(c) of the title 11 of the United States Code, in the Loaned Amount, plus Interest pursuant to the Stipulation.

7. The Lender's Super-Priority Claim shall have the priority provided in sections 364(c)(1)-(3) of title 11 of the United States Code, and shall be paid before any and all administrative expenses in the captioned case, including the fees, expenses, commissions and claims of the Chapter 7 Trustee and his professionals and claims of any kind identified in sections 503 and 507 of title 11 of the United States Code.

8. The Chapter 7 Trustee shall pay the Super-Priority Claim from the first \$30,000 received by the Chapter 7 Estate, whether such funds are from the proceeds of the sale of some or all of the Licenses or from any source. Further, the Chapter 7 Trustee shall pay the Super-Priority Claim in full within ten days of the receipt of such funds, without further order of this Court.

9. The Lender is further hereby granted a valid, binding, enforceable and automatically perfected lien in all currently owned or hereafter acquired property and assets of the Chapter 7 Estate, whether real or personal, tangible or intangible, wherever located,

(including, without limitation, the Licenses) and the proceeds, products, rents and profits of the foregoing.

10. Nothing herein shall be construed as a waiver by the Lender of any claim(s) it may have, including against the Chapter 7 Estate.

11. Any objections or other responsive pleadings to the final relief sought in the Motion must be filed not later than March 22, 2004 at 10:00 a.m. EST. Hearing on any objections will be conducted by teleconference on March 22, 2004 at such time as will be determined by the Court. Notice of such final hearing will be provided by the Trustee.

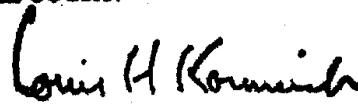

12. This Order shall constitute an interim order pursuant to Bankruptcy Rule 4001(c)(2) and is granted to avoid immediate and irreparable harm to the estate; provided, however, that this Order shall automatically become a final order under Bankruptcy Rule 4001(c)(2) on March 22, 2004 at 12:00 noon EST, unless the Court directs that a final hearing be convened.

13. The terms and conditions of the Stipulation are fair and reasonable, were negotiated by the parties in good faith and at arms' length, and the Lender therefore is granted the benefits of section 364(e) of title 11 of the United States Code.

14. The Court shall retain jurisdiction to resolve any dispute concerning the terms of the Stipulation.

So Ordered this 19 day of March, 2004.

BY THE COURT:

Louis H. Kornreich, B.J.

Form 603

Net Radio Group Communications LLC, Involuntary Assignor
Chapter 7 Estate of Net Radio Group Communications LLC, Assignee

Statement Regarding FCC Registration Numbers

The Assignor has the FCC Registration Number (FRN): 0001542562

The Assignee has obtained the FRN: 0010533529

The Assignor and Assignee have the same Federal Employment Identification Number (FEIN). Thus, both of the above FRNs are listed under the same FEIN. This has caused problems with ULS. When submitting this Involuntary Assignment, the Assignor and Assignee have entered in their respective FRNs; however, ULS has automatically changed the FRN of the Assignee to that of the Assignor. This probably occurs since they have the same FEIN. The Commission may also determine that in the case of Chapter 7 Bankruptcy the Assignor and Assignee keep the same FRN, as is the case with the FEIN.

ULS Tech Support has advised that this statement be attached to the Involuntary Assignment as an explanation in case the Assignee FRN is changed to that of the Assignor, and the FCC requires a distinct FRN for the Assignee.

Assignee has been dealing with Evan Baranoff in the Mobility Division at 202-418-7142. Questions arising from this Assignment should be directed to Mr. Baranoff, who can explain the situation with the Assignor and Assignee to the ULS staff if necessary.

The Assignee asks that it be promptly notified by the Commission if any of the information provided needs to be modified with respect to FRNs.

Recent Bankruptcy Commencement
and Related FCC Filings

This exhibit presents the relevant status of Net Radio Group Communications, LLC and attaches the relevant bankruptcy court orders. It also explains the related Forms 603, 602, and 601 that are being concurrently filed.

Attachment 1 hereto is the Order for Relief granted in the United States Bankruptcy Court for the District of Delaware, In re NET RADIO GROUP COMMUNICATIONS, LLC, Debtor, Chapter 7, Case No. 03-13532. As shown, the Court entered this Order for Relief on February 19, 2004.

Attachment 2 hereto is the appointment of the Trustee in this case. As shown, Jeffrey L. Burtch, Esq. was appointed as Trustee on February 23, 2004.

Accordingly, the Trustee is causing to be timely filed with the Federal Communications Commission (the "FCC") concurrently or nearly concurrently, under his authority and certifications the following:

- Form 603 reporting the "involuntary assignment" (per FCC terminology) under Federal bankruptcy law from Net Radio Group Communications LLC ("NRG") to the Chapter 7 Estate of Net Radio Group Communications LLC (the "Estate") of all of the FCC licenses held by NRG. (Filed manually—see below.)

This Form 603 is a notification, not a request for FCC consent, since the change noted above with regard to the Estate holding and the Trustee controlling all assets of NRG is already affected by Federal bankruptcy law and court action. As such notification, it is a "pro forma" or like a "pro forma" application, rather than another type of Form 603 application where FCC consent and approval is required. Thus, this is submitted as a pro forma involuntary assignment application.

- Form 602 reporting the Trustee of the Estate as the new party in control of all of the NRG FCC licenses, now held by the Estate, and other disclosures.
- Form 601 requesting an extension of the five-year construction deadline (currently March 23, 2004) for all Estate FCC licenses, for the good causes given therein, namely, in brief, for the reasons given in the petition of Warren C. Havens (the lead creditor in this Case, and the initial President of NRG) described in the FCC's Public Notice released January 21, 2004, DA- 04-122.

The Trustee stands ready to file or cause to be filed supplemental, amended, or additional filings that the FCC may require or request after review of the above-named filings. For this purpose, the Trustee or Trustee representative(s) will contact FCC staff attorneys after the above filings are made.

Ownership Statement

See Exhibit 1 hereto: discussion of Forms 603, 602, and 601 filings. See also Exhibit 3 below.

Concurrently with the filing of this Form 603, the Chapter 7 Estate of Net Radio Group Communications, LLC (the "Estate") is filing a Form 602, Ownership Report, to report the *involuntary assignment under Federal bankruptcy law* from Net Radio Group Communications, LLC to the Estate under the control of the Trustee.

Form 603

Net Radio Group Communications LLC, Involuntary Assignor

Chapter 7 Estate of Net Radio Group Communications LLC, Assignee

Exhibit 3

Unjust Enrichment Statement

Net Radio Group Communications, LLC ("NRG") was granted these licenses on March 23, 1999 with a bidding discount as a designated entity under Section 1.2110 of the Commission's Rules.

See Exhibits 1 and 2 above: The Estate now holds these licenses under control of the Trustee pursuant to the Order for Relief and the appointment of the Trustee, copies of which are attached to Exhibit 1. This is an involuntary assignment or change of control (in FCC terminology) pursuant to federal bankruptcy law.

This assignment does not and can not involve any "unjust enrichment" described in Section 1.2111(d) of the Commission Rules since (i) there is no assignment to a new entity of the subject licenses, and (ii) there is no transfer of controlling ownership interest in the subject licensee entity, which are the two alternative conditions in which unjust enrichment may take place.

Rather, in the subject Chapter 7 bankruptcy proceeding, NRG is being liquidated. There are no new owners, and no change in the owners' respective ownership percentages, and while the Trustee controls the Estate's FCC licenses, his function is to preserve and liquidate the Estate: he is not a new controlling-interest owner of the Estate's FCC licenses.

If this Chapter 7 liquidation results in the Estate's FCC licenses being assigned by the Estate to any entity or entities, then at such time the required Form 603 will be filed, and under Section 1.2111(d) any unjust enrichment payment due will be made by the assignee (not the Estate) (i) if such assignee is subject to such payment and (ii) if that assignment is after then end of five years after NRG obtained the subject FCC licenses, that is, if that is after March 23, 2004.

Therefore, the assignee Estate is not subject to any unjust enrichment determination or payment in conjunction with this Form 603 application and the instant involuntary assignment.
