MB Docket No. 01-180

Media Bureau

**REPLY COMMENTS**

I, Katherine Pyeatt, hereby respectfully submit these Reply Comments in response to the Public Notice, Report No. 2664, released July 15, 2004 in the above captioned proceeding. As indicated in the Public Notice, Valley Broadcasters filed a counterproposal to MB Docket No. 01-180 proposing to allot Channel 266A at Pauls Valley, Oklahoma, as a second local service.

The allotment of Channel 266A at the site specified in the counterproposal is not consistent with Section 73.315 of the Commission's Rules. The 70 dBu contour does not completely cover the entire community of Pauls Valley.

(See, Attachment A) And since counterproposals must be "technically correct and substantially complete" at the

time they are filed, the counterproposal to allot Channel 266A at Paul Valley must be dismissed for being technically defective.<sup>1</sup>

Therefore, Channel 265A should be allotted to Holdenville, Oklahoma. And, if the Commission does allot Channel 265A to Holdenville, Oklahoma, I will apply for that Channel and after it is authorized, will promptly construct the new facility.

The factual information provided in these "Reply Comments " of Katherine Pyeatt" is correct and true to the best of my knowledge.

Respectfully submitted,

Katherine Pyeatt
