

KCLO-DT – Rapid City, SD / Channel 16

Longley-Rice Signal Levels w/FCC Service & Interference Contours

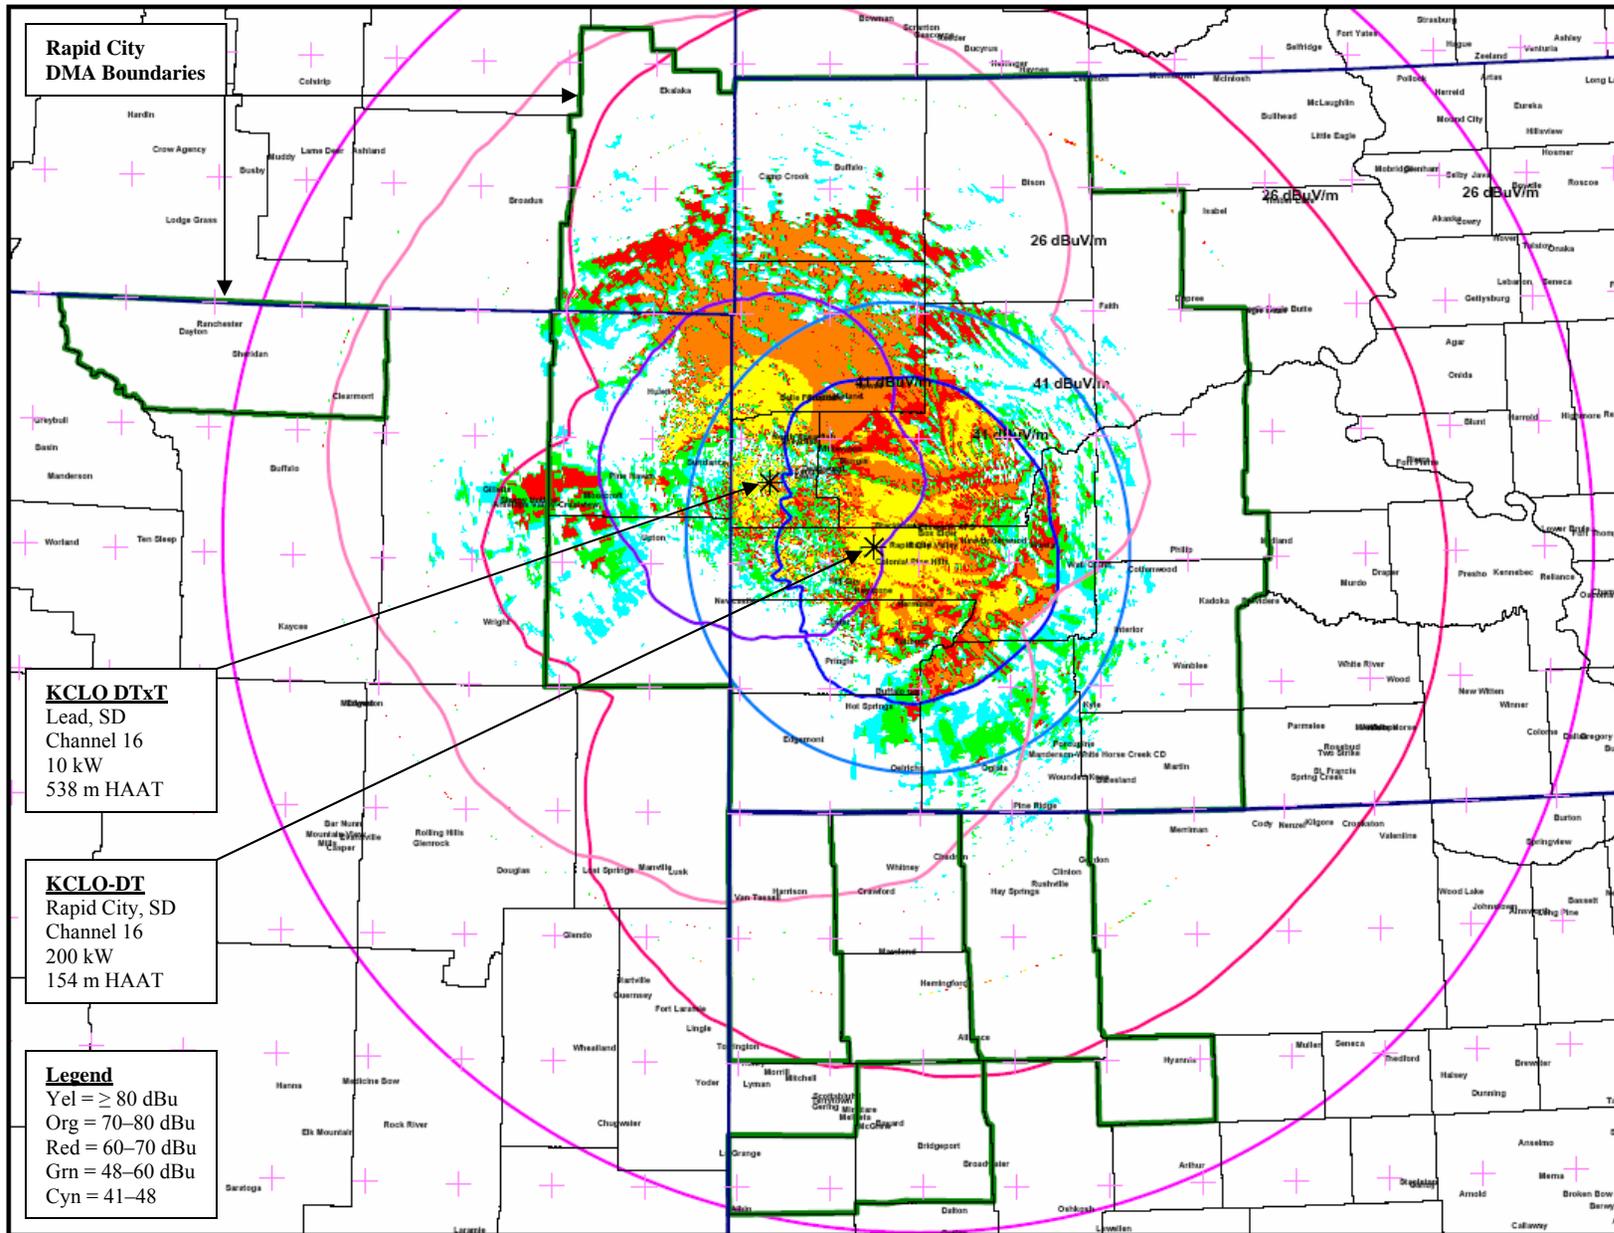

Service contour = 41 dBu
Interference contour = 26 dBu

KCLO-DT – Rapid City, SD + KCLO-DT Distributed Transmitter – Lead, SD / Both Channel 16 Longley-Rice Signal Levels w/FCC Service & Interference Contours

Service contours = 41 dBu
Interference contours = 26 dBu

KCLO-DT – Rapid City, SD + KCLO-DT Distributed Transmitter – Lead, SD / Both Channel 16 Longley-Rice Signal Levels w/FCC Service & Interference Contours

Service contours = 41 dBu
Interference contours = 26 dBu

KCLO-DT hypothetical maximized contours shown
Based on 1 MW at 365 m HAAT
