Re: WT Docket No. 04-70 – Ex Parte Communication

Dear Ms. Dortch:

I recently received a copy of the letter dated July 9, 2004 from the National Emergency Number Association ("NENA") to your office in support of the AT&T Wireless (AWS)/Cingular merger. I wish to express my support as well.

As a NENA/APCO member, I have worked with numerous cellular providers in enhancing 911 functionality for wireless users. Both Cingular and AWS continue to make progress in their E9-1-1 deployment in my district. Both companies have adhered to existing consent decrees governing E9-1-1 Phase I and Phase II obligations. As individual corporate entities, they have worked diligently to accelerate E9-1-1 deployment.

I believe that the capabilities of each company to implement and improve E9-1-1 services will be strengthened by their merger. In this I see no adverse affect in the on-going deployment of E9-1-1 services.

I appreciate the opportunity to express my views on this issue. Should you have any concerns or questions, please don't hesitate to contact me directly.

Sincerely,

Marsha Bianconi
