Re: WT Docket No. 04-70 – Ex Parte Communication

Dear Ms Dortch:

I recently received a copy of the letter from the National Emergency Number Association (NENA) to your office in support of the AT&T Wireless (AWS)/Cingular merger. I wish to express my support as well.

As a state legislator and chairman of the House Energy and Technology committee, I have worked with numerous cellular providers in enhancing 911 functionality for wireless users. Both Cingular and AWS have been active in the legislative process and continue to make progress in their E911 deployment in the state. As individual corporate entities they have worked diligently to accelerate E911 deployment.

I believe that the capabilities of each company to implement and improve E911 services will be strengthened by their merger, and I am not aware of any potentially adverse impact on 911 deployment resulting from the merger.

Thank you for the opportunity to express my views on this issue. Should you have any concerns or questions, please don't hesitate to contact me directly.

Respectfully,

Ken Bradstreet
State Representative
