hall and a number of local churches. Palacios is a community that is certainly deserving of a second local service. The proposed channel 264A will provide additional diversity and an outlet for local self-expression to Palacios residents and therefore is in the public interest.

Should this petition be granted, and Channel 264A allotted to Palacios, Texas Petitioner will apply for Channel 264A, and after it is authorized, will promptly construct the new facility.

The information provided in these Comments is correct and true to the best of my knowledge.

Respectfully submitted,
