

Sinclair's decision to air an anti-Kerry documentary as "news" is a lie & illegal.

This is an abuse of the American-owned airwaves and this kind of propaganda will not be tolerated.

Please choose to air a pro-Kerry documentary immediately before or after (in the same primetime timeslot) or don't air it.

I am fortunate enough to have the spare time to raise a larger stink about this. Have no doubt that I will, if this decision is not reversed.
