

The use of public airways is being misused by Sinclair Broadcasting, whose stations' forced broadcast of a clearly partisan (anti-Kerry) documentary days before the presidential election is appalling.

Sinclair's self-serving and blatantly illegal actions demonstrate a distortion of the idea of responsible journalism. We rely on the FCC to protect the public interest and to uphold the laws of this democracy.

Their violation of the laws ensuring fair broadcasting practices should result in the suspension or cancellation of their license to broadcast. Don't let Sinclair get away with this.
