

RE: K-Love and LPFM - This station is very important to our community as it gives us an alternative to the other stations which aren't very family friendly. With K-Love, we don't have to worry about what our children will hear. True, there are other christian stations available, but none of them are all music, which that's what our children find appealing. They can listen to the music they enjoy and not have to hear "a bunch of talking". Without K-Love's 24-7 music, our children would find another station, which has questionable material, or turn it off altogether. K-Love is the only station the whole family agrees on and we rely on it for wholesome, encouraging entertainment. Please don't let the LPFM stations take priority over the current FM translator service. This would be a great loss; something my family has come to depend on.
