

I am writing to ask that you allow K-LOVE RADIO to remain as an FM station and to allow us to continue to receive its programming. Bend, Oregon is in the center of the State of Oregon and we do not receive high quality FM stations here. This area has a market headcount of over 100,000 people. We have K-LOVE on for many hours during the day and night. They provide wholesome, positive, uplifting music and comment and high quality programming for our family. Thank you for your consideration of our comments.
