

K-Love radion station is one of the most important staples in my life and the lives of many here in Great Bend. It's is common to hear the station playing as background music in many of the businesses here in town. It's important that you understand that not only myself but many others in our community would be wrongly affected by the placement of LPFM broadcasters. We enjoy and support K-love and would be grateful if you would support us in our choice. Thank you! David and Pamela Vainer
