

Please do not replace K-Love radio with a LPFM as K-Love is an asset to our community by providing "family friendly" entertainment and information. K-Love provides a service to local not-for-profit agencies through community announcements and fund raisers. If K-Love were to be replaced my family, friends and community would suffer a great loss. I support K-Love and it is the only station I listen to. Your attention to this matter is appreciated.
