

I understand you are considering a change in the FM translators. I feel this would be a disservice to those of us who regularly listen to and support the Christian radio stations on FM translators. Why should a certain group of people be forced to listen to stations they are not interested in when we regularly support Christian KLOVE and do not listen to other stations, whether on FM or AM. Please reconsider your possible changes - you would be affecting a large population who truly enjoys Christian KLOVE and is not interested in other programming. Thank you.
