

My entire household listens to Airl radio every day, at work, in my home, and in my car, and their programming is source of encouragement and entertainment to us that we can't find on other radio stations. Airl's type of programming encourages my teenage and college-age children in their responsible, moral lifestyles. This definitely cannot be said of other radio programming. As I drive around in the Boise valley I see Airl bumper stickers everywhere and know that others are being impacted in a positive way as well. It is in the public interest to keep this station going, because it is the only one of two Christian radio stations in the valley that appeal to teens and college-age youth. They are very choosy in what they will listen to. Music has a huge impact on people for either the negative or positive, and we need all the positive music on the airways that we can get. Please do not force Airl off the air or it will leave a huge hole in our lives and in this community--I'm not exaggerating. Thank you for allowing me to have input into your decisions.
