

I am a K-LOVE listner in OKC as well as while on the road traveling thru out the USA. K-LOVE provides a wonderful service with music and updates of local activities. The loss of K-LOVE would be a negative impact on me, my family and the surrounding community. K-LOVE brings high quality national radio braodcasts to 1000's of communities thoughtout USA thru the use of translator stations. Over the years I have been exposed to similar local broadcasts and they never meassure up to the high quality performance of K-LOVE. I urge you to not eliminate the use of translator staions.
