

Thank you for taking the time to read comments from people like me. I am very concerned that an important part of our family's radio enjoyment may be in jeopardy of being taken from us. K-LOVE radio uplifts, informs and embellishes our lives everyday. The music and the DJ's are awesome and they really help people every day with their positive and encouraging words. There have been times when I really needed to hear an upbeat message and K-LOVE was there with that message for me. Many of my friends listen to K-LOVE and my children sing along with the music. No matter if you are Christian or not you can hear a positive message when you tune in to K-LOVE. I believe we all need more positive in our lives and I know I depend on tuning in to 91.9 and knowing that K-LOVE will be there for me. Thanks for listening,
Sincerely, Anna Hanselmann
