**Re: Notification of *Ex Parte* Communication
MB Docket No. 04-63**

Dear Ms. Dortch:

This is to advise you, in accordance with Section 1.1206 of the FCC's rules, that Matt Zinn of TiVo Inc. ("TiVo") and I met on Wednesday, October 20, 2004, with the members of the Federal Communications Commission staff listed on Attachment A. The discussion focused on the Petition for Partial Reconsideration and Clarification submitted by the Motion Picture Association of America, *et al* ("MPAA") on September 13, 2004, and its Omnibus Reply filed on October 5, 2004, in the above-referenced docket. At the meeting, we spent the majority of the time discussing the issue raised by the MPAA with respect to interoperation of TiVo's certificated Authorized Digital Output Technology and other Authorized Digital Output Technologies. We presented the attached slides to the staff to assist illustrating why it did not make sense to prohibit the combination of TiVo's Authorized Digital Output Technology with other Authorized Digital Output Technologies.

As required by Section 1.1206(b), as modified by the policies applicable to electronic filings, one electronic copy of this letter is being submitted for the above-referenced docket.

Very truly yours,

James M. Burger
