Notes

1 Monthly Recurring credit applies to QPP™ Residential Services as set forth in Service Exhibit 1 to this Agreement.

2 QPP™ service includes nondiscriminatory access to all vertical switch features that are loaded in Qwest's End Office Switch. See the PCAT for all compatible and available vertical switch features. Only vertical switch features with Non-Recurring, Recurring, or Per Occurrence charges are listed. Non-Recurring charges are applicable whenever a feature is added - whether on new installation, conversion, or change order activity. Those vertical switch features not listed have a rate of $0 for Monthly Recurring, Non-Recurring, or Per Occurrence charges.

3 Qwest has provided USOCs for listed vertical switch features. Should MCI disagree with the association of USOC(s) and listed vertical switch feature descriptions, MCI and Qwest agree to convene by July 30, 2004 to negotiate corrections.

4 The Subsequent Order Charge is applicable on a per order basis when changes are requested to existing service, including changing a telephone number, initiating or removing Suspension or Service, denying or restoring service, adding, removing, or changing features, and other similar requests.

5 QPP™ ISDN BRI and PBX are "Design". Remaining QPP™ services are "Non-Design".

6 All charges and increments shall be the same as the comparable charges and increments in each state SGAT.

7 Qwest and MCI agree to negotiate a charge in good faith. The Parties agree that the charges are intended to allow Qwest to recover its relevant costs and will be an approved charge.

Notes

1 Monthly Recurring credit applies to QPP™ Residential Services as set forth in Service Exhibit 1 to this Agreement.

2 QPP™ service includes nondiscriminatory access to all vertical switch features that are loaded in Qwest's End Office Switch. See the PCAT for all compatible and available vertical switch features. Only vertical switch features with Non-Recurring, Recurring, or Per Occurrence charges are listed. Non-Recurring charges are applicable whenever a feature is added - whether on new installation, conversion, or change order activity. Those vertical switch features not listed have a rate of $0 for Monthly Recurring, Non-Recurring, or Per Occurrence charges.

3 Qwest has provided USOCs for listed vertical switch features. Should MCI disagree with the association of USOC(s) and listed vertical switch feature descriptions, MCI and Qwest agree to convene by July 30, 2004 to negotiate corrections.

4 The Subsequent Order Charge is applicable on a per order basis when changes are requested to existing service, including changing a telephone number, initiating or removing Suspension of Service, denying or restoring service, adding, removing, or changing features, and other similar requests.

5 QPP™ ISDN BRI and PBX are "Design". Remaining QPP™ services are "Non-Design".

6 All charges and increments shall be the same as the comparable charges and increments in each state SGAT.

7 Qwest and MCI agree to negotiate a charge in good faith. The Parties agree that the charges are intended to allow Qwest to recover its relevant costs and will be an approved charge.

8 Where the service has been deemed to be a Telecommunications Service, the Discount will be provided pursuant to CLEC's ICA. Where the service is not a Telecommunications Service, the discount will be 18%.

Notes

1 Monthly Recurring credit applies to QPP™ Residential Services as set forth in Service Exhibit 1 to this Agreement.

2 QPP™ service includes nondiscriminatory access to all vertical switch features that are loaded in Qwest's End Office Switch. See the PCAT for all compatible and available vertical switch features. Only vertical switch features with Non-Recurring, Recurring, or Per Occurrence charges are listed. Non-Recurring charges are applicable whenever a feature is added - whether on new installation, conversion, or change order activity. Those vertical switch features not listed have a rate of $0 for Monthly Recurring, Non-Recurring, or Per Occurrence charges.

3 Qwest has provided USOCs for listed vertical switch features. Should MCI disagree with the association of USOC(s) and listed vertical switch feature descriptions, MCI and Qwest agree to convene by July 30, 2004 to negotiate corrections.

4 The Subsequent Order Charge is applicable on a per order basis when changes are requested to existing service, including changing a telephone number, initiating or removing Suspension or Service, denying or restoring service, adding, removing, or changing features, and other similar requests.

5 QPP™ ISDN BRI and PBX are "Design". Remaining QPP™ services are "Non-Design".

Qwest Platform Plus™ (QPP™) Rate Page - Nebraska

6	All charges and increments shall be the same as the comparable charges and increments in each state SGAT.
7	Qwest and MCI agree to negotiate a charge in good faith. The Parties agree that the charges are intended to allow Qwest to recover its relevant costs and will be an approved charge.
8	Where the service has been deemed to be a Telecommunications Service, the Discount will be provided pursuant to CLEC's ICA. Where the service is not a Telecommunications Service, the discount will be 18%.

Qwest Platform Plus™ (QPP™) Rate Page - New Mexico

1	Monthly Recurring credit applies to QPP™ Residential Services as set forth in Service Exhibit 1 to this Agreement.
2	QPP™ service includes nondiscriminatory access to all vertical switch features that are loaded in Qwest's End Office Switch. See the PCAT for all compatible and available vertical switch features. Only vertical switch features with Non-Recurring, Recurring, or Per Occurrence charges are listed. Non-Recurring charges are applicable whenever a feature is added - whether on new installation, conversion, or change order activity. Those vertical switch features not listed have a rate of $0 for Monthly Recurring, Non-Recurring, or Per Occurrence charges.
3	Qwest has provided USOCs for listed vertical switch features. Should MCI disagree with the association of USOC(s) and listed vertical switch feature descriptions, MCI and Qwest agree to convene by July 30, 2004 to negotiate corrections.
4	The Subsequent Order Charge is applicable on a per order basis when changes are requested to existing service, including changing a telephone number, installing or removing Suspension of Service, denying or restoring service, adding, removing, or changing features, and other similar requests.
5	QPP™ ISDN BRI and PBX are "Design". Remaining QPP™ services are "Non-Design".
6	All charges and increments shall be the same as the comparable charges and increments in each state SGAT.
7	Qwest and MCI agree to negotiate a charge in good faith. The Parties agree that the charges are intended to allow Qwest to recover its relevant costs and will be an approved charge.
8	Where the service has been deemed to be a Telecommunications Service, the Discount will be provided pursuant to CLEC's ICA. Where the service is not a Telecommunications Service, the discount will be 18%.

Notes

1 Monthly Recurring credit applies to QPP™ Residential Services as set forth in Service Exhibit 1 to this Agreement.

2 QPP™ service includes nondiscriminatory access to all vertical switch features that are loaded in Qwest's End Office Switch. See the PCAT for all compatible and available vertical switch features. Only vertical switch features with Non-Recurring, Recurring, or Per Occurrence charges are listed. Non-Recurring charges are applicable whenever a feature is added - whether on new installation, conversion, or change order activity. Those vertical switch features not listed have a rate of $0 for Monthly Recurring, Non-Recurring, or Per Occurrence charges.

3 Qwest has provided USOCs for listed vertical switch features. Should MCI disagree with the association of USOC(s) and listed vertical switch feature descriptions, MCI and Qwest agree to convene by July 30, 2004 to negotiate corrections.

4 The Subsequent Order Charge is applicable on a per order basis when changes are requested to existing service, including changing a telephone number, initiating or removing Suspension or Service, denying or restoring service, adding, removing, or changing features, and other similar requests.

5 QPP™ ISDN BRI and PBX are "Design". Remaining QPP™ services are "Non-Design".

6 All charges and increments shall be the same as the comparable charges and increments in each state SGAT.

7 Qwest and MCI agree to negotiate a charge in good faith. The Parties agree that the charges are intended to allow Qwest to recover its relevant costs and will be an approved charge.

8 Where the service has been deemed to be a Telecommunications Service, the Discount will be provided pursuant to CLEC's ICA. Where the service is not a Telecommunications Service, the discount will be 18%.

Notes

1 Monthly Recurring credit applies to QPP™ Residential Services as set forth in Service Exhibit 1 to this Agreement.

2 QPP™ service includes nondiscriminatory access to all vertical switch features that are loaded in Qwest's End Office Switch. See the PCAT for all compatible and available

Qwest Platform Plus™ (QPP™) Rate Page - Washington

vertical switch features. Only vertical switch features with Non-Recurring, Recurring, or Per Occurrence charges are listed. Non-Recurring charges are applicable whenever a feature is added - whether on new installation, conversion, or change order activity. Those vertical switch features not listed have a rate of $0 for Monthly Recurring, Non-Recurring, or Per Occurrence charges.

3 Qwest has provided USOCs for listed vertical switch features. Should MCI disagree with the association of USOC(s) and listed vertical switch feature descriptions, MCI and Qwest agree to convene by July 30, 2004 to negotiate corrections.

4 The Subsequent Order Charge is applicable on a per order basis when changes are requested to existing service, including changing a telephone number, initiating or removing Suspension or Service, denying or restoring service, adding, removing, or changing features, and other similar requests.

5 QPP™ ISDN BRI and PBX are "Design". Remaining QPP™ services are "Non-Design".

6 All charges and increments shall be the same as the comparable charges and increments in each state SGAT.

7 Qwest and MCI agree to negotiate a charge in good faith. The Parties agree that the charges are intended to allow Qwest to recover its relevant costs and will be an approved charge.

8 Where the service has been deemed to be a Telecommunications Service, the Discount will be provided pursuant to CLEC's ICA. Where the service is not a Telecommunications Service, the discount will be 18%.
