

I am writing to express the importance of K-LOVE radio. K-LOVE radio is a family friendly station that is an escape for my husband and I from the negative, cookie cutter stations that make up today's media. The positive impact this station has on both my family and many of my friends, which make up my surrounding community, would be greatly missed if an LPFN broadcaster replaced this station. Considering all of the horrific events which are taking place around the world, it is more important to me than ever to be able to turn my radio to KLOVE and focus on the more peaceful, encouraging events that are occurring...not to mention how soothing the variety of songs are. I feel so strongly about this issue that I am taking the time to let you know. Not only is this my opinion, but many people throughout my community would be negatively impacted. Please keep KLOVE radio on the air!
