In the matter of)
Amendment of Section 73.202 (b),) MB Docket No. 04-333
Table of Allotments)
FM Broadcast Stations) RM -11055
(Fallon Station, Nevada))

SUPPORTING COMMENTS OF PETITIONER ~~BUCKET~~ FILE COPY ORIGINAL

To the Chief, Allocations Branch:

1. Linda A. Davidson ("Petitioner") respectfully submits her comments in the above captioned proceeding. The Commission has proposed to allot FM channel 287C at Fallon Station, Nevada as its first local service.

2. Petitioner supports the Commission's proposal and states that she, or a company of which she is an owner intends to file an application to activate FM channel 287C if it is allotted to Fallon Station as proposed. If her application is granted, she will quickly build and operate the proposed station.

3. The Commission has requested that petitioner show that Fallon Station is a community for allotment purposes. Fallon Station is a Census Designated Place with a full time population of 1265 persons (2000 census). Fallon Station is home of the United States Navy's premiere tactical air warfare training facility. Its web site is: <http://www.fallon.navy.mil>. As a military base, Fallon Station has all the requirements of a community required by the Commission. It has its own newspaper the *Desert Roundup*, its own post office and zip code, its own telephone exchange (775-426), a commissary, child care and a chapel are on the base. There are 358 households and 356 families residing in Fallon Station. The Commission routinely considers military bases to be communities for FM allotment purposes, especially where the base is geographically separate from a larger community, as is the case here. Thus, there can be no question that Fallon Station is a community for allotment purposes.

4. Petitioner hereby verifies and affirms that the statements given in this petition for rulemaking are hers, and are accurate to the best of her knowledge.

Respectfully submitted,

Linda A. Davidson
