

Dear FCC representative.

Thank you for your time to review my comments below in support of K-LOVE and its current broadcast operations.

1. K-LOVE serves me as a resident of the local community by providing a ray of hope for the community and man in general. K-LOVE is so encouraging. I am changed by it and prepared for serving others and presenting a positive light to the community. K-LOVE is "reality" in a world that is often darkened by the hectic nature of our lives. K-LOVE reminds me to reach out to others, be kind, giving, responsible and to serve.

2. If K-LOVE were to be displaced by an LPFM broadcaster providing other programming the effect on the local community will be negative because the LPFM will not replace the broadcast of K-LOVE, nor will it or can it fulfill the mission of the K-LOVE broadcast. K-LOVE is not a segment of a broadcast, but rather a 24*7 light of encouragement to all. LPFM broadcasts will not and cannot by definition be equivalent or deliver what K-LOVE does.

3. The service provided by K-LOVE is in the public interest because it is supportive of only positive community outreach, family values and does not promote or broadcast any content that can adversely impact the community, culture or any segment.

Thank you for your time to review this,
Allen Tabor, ABIC
