

I am concerned that the K-LOVE radio station that my family regularly listens to will be displaced by an LPFM broadcasting other programming. This would be devastating to my family and my community as it is the only Christian radio that many people like and, even more importantly, that teens will listen to. Through K-LOVE we are part of a nation-wide network of people with common goals and entertainment desires that have been fulfilled by positive, encouraging and "message-safe" broadcasting. It is the only station that our entire family can agree to listen to (which is very important to us).

We also like being tuned in to news of Christians and Christian events and entertainment all over the U.S.

In our community, we happen to know what local broadcaster will replace K-LOVE... a local college radio. Although we support college radio stations, we do NOT want to have to listen to some of the programming that will be aired from this station. It would be a very poor substitute for what we get from listening to K-LOVE.

Thanks you.
