

I oppose the proposed change to LPFM that would allow new LPFM stations to take priority over current FM translator services.

I listen to K-Love Christian radio daily, and consider it a vital part of our community. It is positive, refreshing, family-oriented programming that I feel is much needed in our country, and would be at risk if this change is made.

K-Love, besides providing great music, has several full-time pastors who offer free counseling, suicide intervention, and related services that would no longer be available if local stations carrying the signal were forced off the air. Please do not let this happen!
