

I do not want K-LOVE removed from our area. It is truly an asset to myself, my family and our friends. Especially my children's friends. The kids love to listen to K-LOVE and often purchase the cd's of their favorite Christian singers. We especially love the WOW cds. Do not displace K-LOVE with an LPFM broadcaster who will provide some other type of programming!! There are enough "other" types in our area! And only a very few (2 that I can get) Christian rock stations on the FM dial in my area. K-LOVE not only plays wonderful music, they also send across important messages that make you think and give great discussion points to talk about with your spouse, kids, and friends. It's a clean, wholesome, enriching station and I DO NOT WANT TO HAVE IT REPLACED IN THE RALEIGH, DURHAM, CHAPEL HILL LISTENING AREA!!!
