

I am against this proposal to replace existing stations with LPFM.  
K-LOVE 91.1 is our local station that my wife and I listen to.  
We would lose the music that we like to listen to if it were replaced  
by another LPFM station. We would also lose the public interest  
announcements K-LOVE provides.

Please do not replace K-LOVE with LPFM stations.

Thank You,  
Richard Noke
