Re: IB Docket Nos. 02-324, 96-261.

Dear Ms. Dortch:

AT&T Corp. ("AT&T") provides the following information concerning its arrangements with Estonia.

AT&T certifies that it has previously negotiated rates at or below the relevant benchmark with Elion Ettevõtted Aktsiaselts (formerly known as Estonian Telephone Company), the dominant carrier at the foreign end of the U.S.-Estonia route,¹ under arrangements that have now expired. AT&T anticipates that it will negotiate further arrangements at or below the relevant benchmark on this route with this carrier in the very near future. Pending the negotiation of these arrangements, AT&T is making no payments above benchmarks. Accordingly, AT&T's rates on this route remain benchmark-compliant.

AT&T accordingly requests the Commission to remove the ISP on this route.

Sincerely,

/s/

James J. R. Talbot
Senior Attorney
