Hearing Aid Compatibility Report

PinPoint Wireless, Inc. ("PinPoint"), by its attorneys, pursuant to the Federal Communications Commission's ("Commission" or "FCC") *Order* in WT Docket No. 01-309,^{1/} and the subsequent *Public Notice* in the same proceeding,^{2/} hereby files its Second Report detailing its efforts towards compliance with the FCC's hearing aid compatibility requirements. PinPoint is including in its Second Report all information of which it has knowledge, but does not address those reporting requirements in the *Order* that can be adequately answered only by the individual handset manufacturers.

I. Carrier Background

PinPoint is a small carrier that provides Commercial Mobile Radio Service in the Hastings - 185, North Platte - 325 and McCook - 270 BTAs using GSM technology in Nebraska, under FCC call signs KNLH671, KNLH681, WPOJ809, and KNLG235.

II. Handsets Currently Offered for Sale

PinPoint currently offers for sale handsets manufactured by Motorola and Nokia. The specific handset models are the Motorola V60, V66, T720 and V400; and the Nokia 3390, 3395 and 3590.

Based on conversations with the manufacturer of each handset that PinPoint currently offers for sale, none of the phones PinPoint has been able to obtain from its third party vendor meet the Commission's hearing aid compatibility requirements at this time. However, PinPoint

^{1/} In the Matter of Section 68.4(a) of the Commission's Rules Governing Hearing Aid-Compatible Telephones, *Report and Order*, WT Docket No. 01-309 (August 14, 2003) ("*Order*").

^{2/} Wireless Telecommunications Bureau Announces Hearing Aid Compatibility Reporting Dates for Wireless Carriers and Handset Manufacturers, *Public Notice*, WT Docket No. 01-309 (rel. March 8, 2004) ("*Public Notice*").

does offer hands-free neck loop accessories to allow for conversation by users with telecoil-compatible hearing aids.

III. Hearing Aid Compatible Handset Labeling/Insert Requirement

None of the handsets that PinPoint has available for sale to its subscribers have a label attached on the handset's packaging indicating the U-rating of the wireless telephone. None of the handset packaging contains inserts describing the U-rating system.

IV. Outreach Efforts

PinPoint intends to educate its subscribers, and any potential subscribers, on the functionality of any of the hearing aid compatible handsets it is able to obtain. In addition, PinPoint provides all of its customers a fifteen-day no questions asked return policy.

Respectfully Submitted,

PinPoint Wireless, Inc.
