Re: AT&T Petition for Rulemaking to Reform Regulations for ILEC Rates for
Interstate Special Access Services, RM No. 10593; Unbundled Access to
Network Elements, WC Docket 04-313; CC Docket 01-338

Dear Ms Dortch:

This is to notify you that on November 23-24, 2004, BellSouth met with the following Commission staff in connection with the proceedings identified above: Jessica Rosenworcel, Legal Advisor to Commissioner Copps; Scott Bergmann, Legal Advisor to Commissioner Adelstein; and Jeffrey Carlisle, Tamara Priess, Jeremy Marcus and Margaret Dailey of the Wireline Competition Bureau. Representing BellSouth at these meetings were Jon Banks, Bennett Ross, Beth Shiroishi, Mary Henze, and the undersigned.

In these meetings, BellSouth reviewed the record showing tremendous amounts of competitive high capacity facilities deployed throughout BellSouth's region and explained that this competition has driven BellSouth's own special access prices consistently downward. In other words, the Commission's special access pricing flexibility rules have worked exactly as anticipated.

The attached presentation was distributed at these meetings and formed the basis for the discussion. Pursuant to Commission rules, please include this notice in the record of the proceedings identified above.

Sincerely,

Attachment
