RE: MB Docket #04-233

To Whom It May Concern:

K-LOVE radio has become an important part of my daily life, as I listen to it in my car and again at work. Even when traveling, I can find K-LOVE in other states. I would be hard-pressed to find another local radio station, with the quality of music and information of K-LOVE, that I would enjoy as much.

Our community has no other Christian music available, so it would be sad to lose that. I know lots of other people—including teens—who listen to K-LOVE. It seems to me, our teens are better off with Christian influence over secular.

Not only is the music a major factor, but also K-LOVE has informative programs that I look forward to, even national news.

PLEASE do NOT allow the LPFM stations to take priority over current FM translator service.

Thank you.

Sincerely,

Nancy D. Swank  
Listener and supporter

Dear Sir or Madam:

This is in reference to MB Docket # 04-233.

In the Ardmore, Oklahoma area, we receive K-Love on 89.1 through a FM Translator. If K-Love were forced off the air by low power FM this would be big loss to this area.

Many of us give financial support to K-Love and believe this would be a great loss to the community to lose the K-Love station. There are very few radio stations that have this quality of programming in our area.

Sincerely,

*Michelle C. McCalla*

FCC-MAILROOM

Oct 24, 2004

Dear FCC

I am writing you in regard to  
"MB Docket No. 04-233." I do not want  
any K-love stations cut off the air.

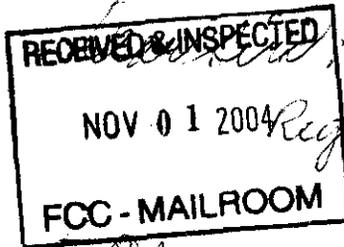

K-love has helped me so many times. When  
my life was a wreck, and suicide was on my mind.

It was what I heard from K-love that  
helped me change my mind and gave me faith.  
When I lost my Dad, it was K-love that  
comforted me + that gave me the uplift I  
needed. K-love is my life line to GOD.  
K-love helps keep my strong and focused in  
the right direction.

I have a K-love sticker on my car. People  
will ask me about it, so I'll tell them about  
K-love. Next time I see them, they'll tell  
me that they've been listening to K-love and  
how much it has help changed their life.  
K-love saves, K-love brightens peoples day,  
K-love is a refuge for lost souls. K-love  
is NEEDED on air, for the entire community  
so hearts can be lifted, so souls can be warmed  
and so lives can be saved.

O

Regarding MB Sacket  
#04-233

Please reconsider.

Don't take k-love from us.  
My radio is turned to this  
station all day long. We get  
local news and meetings that  
will be going on as well as  
the message of God's love.

The music is great. All of the  
music is inspiring.

For some people this may  
be the only word about  
God's love they ever hear.  
We need it in our community.

Sincerely  
O Marguerite S. Sackett

K-love is VERY important to me and it is a BIG interest to the public.

K-love MUST stay on the air and NOT die.

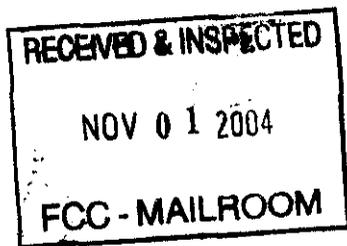

Sincerely,  
Beth J. Doty

*My K-Love station is vital to me and my family as well as my church family. I've only lived here for fourteen months, and when I first moved here it was very hard, then I found K-Love. Now I listen to it every day, on my car radio and in my home. You can always find an assortment of other stations, belching out their tones, however, none that encourage and build you up through out the day. The music and encouraging words we hear on K-Love is very important to us. I live alone and being on a fixed income, life sometimes becomes quite difficult. The Lord speaks to me and my children and grandchildren, through K-Love and is a constant reminder that I'm not alone in this world, and that I matter. It is a constant reminder of just how great Gods love for me truly is. I teach in the retirement communities though out the week and have found that they to listen to the same station. Its also very encouraging to hear my grandchildren and one of my little ones in Sunday school or a little one in the supper market singing songs they hear played on K-Love. I pray you don't take the stations in my area 92.1, 106.3, and 91.3 from us.*

*Your friend in Christ Jesus*

*Marajane Davis*

10-25-2004

To whom it may concern:

I want you to know that K-LOVE 90.5 FM out of Meridian, Mississippi through a FM translator serves my needs on a day to day basis. This station encourages me while driving, has kept me from getting upset with other drivers and with others in my own car. I don't feel that if K-LOVE were displaced by an LPFM broadcaster providing other programming that I would have the same tolerance and peace that I am able to maintain through the positive words and encouraging music. I believe that it is in the best interest of the public that K-LOVE continue to be heard in Meridian, Mississippi & its surrounding areas to help keep the stability and sanity of its drivers, if it did nothing else.

Thank You, Holly Whitted

10/25/2004

Dear Sirs:

As a resident of Tomsoba, Mississippi, I would like to inform you that K-LOVE 90.5 FM provides me with great promise. Tomsoba is a small town next to Meridian, Mississippi, and does not have real good reception, but I do enjoy how it helps me in my many travels to Meridian to be able to hear positive outlooks on everyday life. If K-LOVE were to be replaced by another LPFM broadcaster providing other programming, I would feel as though a very important part of my life had been taken away. I believe that the services provided by K-LOVE is in the public's best interest. If stores and offices would play this station I believe the atmosphere of each place would be more enjoyable and peaceful.

Sincerely, Tarbita James

Community ~~by~~ given us  
Positive words and the songs  
Give us encouragement for  
hope and to help us to get through  
the days of hard times.

IF we would get replaced  
by LPFM it not going to be  
the same FCC stay to be more  
family and a relationship  
station.

~~LPFM~~ 

I got involve with ~~K-Love~~  
to be the example for my  
daughter as she was a "Teenager"  
that my mom could give up her  
music and listen to K-Love  
This would benefit more to us  
and our mind would be more in  
peace. This was about six  
years ago and we have got  
more out of then we could of  
imase.

To Whom it may concern,  
I am writing this letter  
reference "MB Docket #04-233"

I has been brought to my attention  
that the FCC is considering taking  
K-LOVE Radio Station off the air, this  
is a real concern to me. In my area  
it is on the radio at 91.5. This  
radio station is very positive + encouraging  
to people of all ages + we need to  
have more of this on the radio.  
1st It is encouraging to myself + my  
family. 2nd it is encouraging to  
family, children, teens + people  
of all ages to here the things that  
are on air on K-love. 3rd it is  
all always good to the community  
to get to here positive + encouraging  
words daily. We need more of this.  
Please keep K-love on air.

Thank You,

Donna Carpenter

Reference MB Docket NO. 04-233

I am writing to you concerning my local K-LOVE radio station. I understand you are considering LPFM stations that may take priority over or replace stations such as my station K-LOVE. I listen to K-LOVE on stations in the Redding, CA area mostly on the stations 102.7, 101.9, and 90.1, depending on which part of the area I am listening from.

Our K-LOVE station is a huge asset to our local community and many others like it throughout the United States. I gladly contribute money every month to do my part to keep K-LOVE on the air. Many people contribute their hard earned money the same as me. Not a lot of people would contribute cash every month to keep a radio station on the air. However, it is vitally important to K-LOVE listeners to have our stations.

K-LOVE is the only Christian station that plays the type of music that many families can listen to all together and enjoy. Our children listen to positive music instead of the popular garbage that most other stations play. Without K-LOVE our families would have no other station to turn to. That is why many families, such as mine, contribute our hard earned money every month to keep our station on the air.

It is without a doubt in the public interest to keep these stations on the air.

Thank you, and God Bless You!

Sincerely,

*James R. Pallotta*

October 19, 2004

To whom it may concern:

I am writing this letter in reference to **MB Docket No. 04-233**. I would kindly ask that you keep K-Love radio on 102.7 fm, 101.9 fm, and 90.1. K-Love does a lot to serve me as a resident of this community. My husband and I both listen everyday, and find the music and the DJ's to be extremely encouraging. Just like their jingle, they are very "positive and encouraging". I do not think that another LPFM station could benefit this community like K-Love does. Not only is their music encouraging, but it is also wholesome. As a mom of young children, I feel good knowing that I can allow my children to listen to K-Love without worrying that they will be talking about sex, drugs, and alcohol. K-Love is a truly family friendly station, and I would hate to see it leave our community here in Redding California. Please keep K-Love on the air.

Regards,  
Lisa Mandere

RE: MB Docket No. 04-233

RECEIVED & INDEXED  
NOV 1 - 2004  
FCC - MAILROOM

Dear FCC,

It has come to our family's attention that you are proposing rule changes to use LPFM broadcast services for one of our favorite radio stations AIR 1 on 90.3 and 90.1 in our area of Los Angeles. If that should happen, we would not be able to get the AIR 1 signal anymore, which would be devastating for us. This wonderful station provides good, clean, family-friendly programming that even teens listen to in our community. It's almost rare these days to come across wholesome radio stations such as AIR 1. If we can't get the AIR 1 signal anymore because of LPFM, I'm afraid that our great station will be displaced with more of the same worthless radio programming that is so common in L.A. AIR 1 provides such positive values and encouragement to young people to help them achieve a meaningful life in these uncertain times.

Please keep the AIR 1 programming on the current FM translator services so that our families and young people have a positive radio station to listen to.

Thank you so much for your consideration of this important matter.

Sincerely,

*Victoria Heggem*

NOV 1 - 2004

October 22, 2004

Dear FCC,

I received a letter in the mail telling me that the FCC is introducing a new broadcast service called LPFM. In order to expand this service you would take priority over current FM translator services, such as K-Love, which is listened to by many people, including me. I am 14 years old and I have been listening to K-Love ever since it started. I enjoy listening to K-Love because it encourages me and supplies me with a daily devotional which helps me when I'm down, or upset. I know there are other Christian stations, but I prefer K-Love over all of them. If the FCC takes K-Love off the air, I will be very disappointed and ashamed because K-Love is my favorite station. I believe listeners love K-Love because it is encouraging, uplifting, positive, and best of all it allows us to worship God, which is slowly fading away from society. I'd appreciate it if the FCC thought about how K-Love has impacted many people's lives and shared the gospel of God. Many people would really love to be able to keep listening to K-Love, which brings them closer to God. Thank you for taking the time to hear what I have to say.

Sincerely,

Rachel Burkhart  
West Harrison, IN

Dear FCC

K-Love is the <sup>Only</sup> station I like to listen to. It lifts me up from morning until night time.

I feel that if ~~we~~ we lose K-Love to other broadcasting the Community would lose a vital source of missions. My children listen to K-Love, my 12 year old son who really needs to hear encouraging words would be lost without K-Love.

I also feel that the public needs K-Love too, because there are new Christians out there, and its sometimes very hard to stay a Christian when you get discouraged. K-Love helps you to not be discouraged.  
Sincerely, Lori Sallody

NOV 1 - 2004

FCC - MAILROOM

10-22-04

Dear FCC,

This letter is <sup>in regards</sup> to the matter of the LPFM system replacing FM Translator service.

This would hurt alot of people, because K-Love would not be able to be heard in many, many places that it is now.

K-Love is a very important radio station. They play Christian based music, it is one station you do not have to worry about nasty jokes, crude remarks or anything foul or offensive in language or song.

This is the only Christian station we get in our area, losing it would be detrimental to many lives. I know so many people who count on K-Love for encouragement, inspiration, just making it from day to day in one piece mentally by listening to the uplifting songs and the wonderful messages they give us.

I think it is in great public interest to keep this FM translator service station available to everyone. So many of us depend on this station in our day to day lives.

a short + period of time? This is  
the only hope we Christians have  
left to keep us going:

Sincerely,

- 1) K-Love is my family's favorite radio station. As a mother with three teens, its refreshing to have such a station that everyone likes and brings in good things.
- 2) Not only would replacing K-Love with another LPFM affect my home, but many other families and friends I have depend on it as their choice station. Also because we do alot of cumuting from city to City for work, this is a station of choice for alot of people durring thier 1 to 2 hour drive.
- 3) The service we receive from K-Love is more then I can explain. But would also like to say that when we travel to other states its alway refreshing to find the station thier also.

Please consider what a difference you would make in not only my home but all around. When I travel I can always ask someone for the call numbers for K-LOVE and It doesnt take long before someone knows it and adds how much they like it.

Thank You

FCC - MAILROOM

To the FCC,

I've been informed that the FCC is proposing to take control of FM translators to provide LPFM to certain cities. I don't think this is right. Some of the stations that will be affected are not commercial stations, just like LPFM.

For example, K-Love, which has been a non-commercial station all over the city. They have a long history for air time and don't have commercials.

There is a question about whether playing great music for the entire family. It now looks like translators that have successfully broadcasted K-Love. It would not only affect the people who donated money, but the entire community that listened to the wholehearted message would be left with no music.

I understand that the goal of LPFM is to have stations that the city can run and have no commercials. But there are already stations out there serving that purpose.

- Janee Kent
