

I support LPFM radio and believe that local citizens have the right to access the airwaves in order to have a venue for their voices to be heard. This is especially important in this time of corporate consolidation and control of information. It is imperative that local citizens have the opportunity to disseminate important information that is not controlled by corporate interests. A free press is not free if it is controlled by a few corporate interests that can promote their narrow agenda. diverse media is a vital part of a representative democracy.
