Federal Communication Commission,

Recently the Consumer Bankers Association (CBA) has chosen to challenge Indiana's Telephone Privacy law in a proceeding before the Federal Communications Commission (FCC). I am opposed to their attempt to impose federal "established business relationship" exemption status on me as a consumer. I ask that you deny this request from them and allow us and all citizens the freedom of privacy. Phone solicitation is unwanted and denied by the majority of consumers in America and there are enough studies to support this statement.

Any concern you may show this request would be deeply appreciated!

Sincerely,

*Thomas L. Nate*
