

CBA challenge to Indiana Telephone privacy act. Please do not allow the CBA the Established Buisness relationship in order to call me for solititations. All banks are looking to reduce cost by offering internet banking, closing drive thru service, and offering e-mail. They already stuff my statement with unwanted junk! I do not want my phone to ring the way it did in the past. The law is working please don't change it. If you allow credit card companies to call that are bank related my phone will never stop ringing!
