

My names is James C. Cooper. I live at 12640 Apalachian Way, Fishers, IN 46038. I vote in every election. I am OPPOSED to the Consumer Bankers Association (CBA) effort to challenge Indiana's Telephone Privacy law in a proceeding before the Federal Communications Commission (FCC). I OPPOSE the CBA attempt to impose the federal "established business relationship" exemption on Indiana consumers. I do NOT want businesses I currently have a business relationship with (e.g., my bank, credit card company, long distance carrier, etc.) to be able to call me as often as they want.
