Description of Transaction and Public Interest Showing

The instant application requests authority to transfer control of various FCC licenses held by a subsidiary of MCI, Inc. (“MCI”) from MCI to Verizon Communications Inc. (“Verizon”). Verizon and MCI have entered into a transaction that will result in MCI becoming a wholly-owned subsidiary of Verizon. Following consummation of the transaction, MCI will continue to own the stock of its subsidiaries and MCI and its subsidiaries will continue to hold all of the FCC authorizations that they held prior to the transaction. Accordingly, the transaction does not involve any assignment of MCI’s licenses and authorizations, or any change in the licensees that hold such licenses and authorizations, and those companies will continue to provide service to the public.

A description of the public interest benefits of the transaction is attached as Exhibit 1 to the “Application for Consent to Transfer of Control” seeking Federal Communications Commission (“FCC”) consent to the transfer of control of certain domestic Section 214 authorizations held by MCI, Inc., and its subsidiaries to Verizon Communications Inc. That application is available online through the FCC’s Electronic Comment Filing System (“ECFS”) at <http://www.fcc.gov/cgb/ecfs/> under the proceeding WC Docket No. 05-75. The exhibit is incorporated herein by reference, as permitted under FCC rules. *See, e.g.*, 47 C.F.R. §§ 1.923(b), 1.10009(c)(2), 25.130(c) (2003).

Description of Transaction and Public Interest Showing

The instant application requests authority to transfer control of various FCC licenses held by a subsidiary of MCI, Inc. (“MCI”) from MCI to Verizon Communications Inc. (“Verizon”). Verizon and MCI have entered into a transaction that will result in MCI becoming a wholly-owned subsidiary of Verizon. Following consummation of the transaction, MCI will continue to own the stock of its subsidiaries and MCI and its subsidiaries will continue to hold all of the FCC authorizations that they held prior to the transaction. Accordingly, the transaction does not involve any assignment of MCI’s licenses and authorizations, or any change in the licensees that hold such licenses and authorizations, and those companies will continue to provide service to the public.

A description of the public interest benefits of the transaction is attached as Exhibit 1 to the “Application for Consent to Transfer of Control” seeking Federal Communications Commission (“FCC”) consent to the transfer of control of certain domestic Section 214 authorizations held by MCI, Inc., and its subsidiaries to Verizon Communications Inc. That application is available online through the FCC’s Electronic Comment Filing System (“ECFS”) at <http://www.fcc.gov/cgb/ecfs/> under the proceeding WC Docket No. 05-75. The exhibit is incorporated herein by reference, as permitted under FCC rules. *See, e.g.*, 47 C.F.R. §§ 1.923(b), 1.10009(c)(2), 25.130(c) (2003).

Response to Question 21

Some of the earth stations listed in this application are operated on a common carrier basis while others are operated on a non-common carrier basis. However, the electronic response to Question 21 only permits an applicant to check one box. Accordingly, MCI WorldCom Network Services, Inc. has checked one box—the box marked common carrier—and submits this attachment to make clear that both boxes—the box marked non-common carrier and the box marked common carrier—should be checked.

Response to Questions 22 and 42a

MCI WorldCom Network Services, Inc. clarifies that only one of the earth stations listed in this application (call sign E000700) communicates with a non-U.S. licensed satellite. The FCC has granted MCI WorldCom Network Services, Inc. special temporary authority (“STA”)¹ to use that earth station to access the Russian-licensed Intersputnik Express 3A satellite through September 10, 2005 pending FCC action on its modification application to add that satellite as a point of communication.² The transfer of control of MCI WorldCom Network Services, Inc. does not materially affect the reasons supporting the prior grant.

¹ The FCC initially granted MCI WorldCom Network Services, Inc. STA on October 18, 2001. MCI WorldCom Network Services, Inc.’s Request for STA, File No. SES-STA-20010906-01663 (stamp grant issued Oct. 18, 2001). The FCC most recently extended the STA on March 10, 2005. MCI WorldCom Network Services, Inc.’s Request for STA, SES-STA-20050307-00284 (stamp grant issued by J. Spriggs on Mar. 10, 2005).
