

Please do not allow the sale of Rainbow 1 to Echostar. I desire to continue receiving VOOM programming. I support VOOM's commitment & track record of providing HDTV, and VOOM HD LLC's desire to continue operating Rainbow-1 at the 61.5 frequencies.

Past rulings of the FCC have sided on increased competition and consumer choices; this is clearly in the best interest of the public. I hope this will be the decision of the FCC in this matter as well.
