

I just want to state my desire to continue receiving VOOM programming, VOOM's commitment & track record of providing HDTV, and VOOM HD LLC's desire to continue operating Rainbow-1 at the 61.5 frequencies. I like to also remind the FCC of their past rulings that side on increased competition and consumer choices; this is clearly in the best interest of the public. I think the sale of Rainbow 1 etc. to Echostar is not in that interest.
