

I would like to express my opposition to the sale/transfer of Licenses and Authorizations held by Rainbow DBS Company LLC to Echostar Satellite LLC. I have been a very happy Voom customer since June 2004 and chose them over the other 2 satellite providers based on their superb quality and the amount of high definition programs they offer. The other 2 satellite providers do not even come close to offering the high definition programs as Voom. I will continue being a Voom customer as long as they are transmitting. Please reject the pending sale/transfer of Rainbow 1 to Echostar. I believe it is in the best interest of the public to allow more competition which I believe the sale/transfer will inhibit.
