better for the - Broadband Reimbursement that Hovrs has nothing wrong.

Our deaf earn very low income and suffereing what is causing all companies Sorenson VRS,Hands On Vrs,
ans others companies very competitives that spoils to us very interesting that maybe Deaf community will lost
decreased the interest the broadband Interent cost mostley from \$45 a month and up.We thought internet
provider is the lowest prices from \$9.99 to 23.90 under cable comncast network, road runner, Bright House
Network,Cox cables and AOL,MSN,Yahoo,etc that times technology avanced that increased double prices that
We cannot afford for the prices our low income limit.

We need to do is I wish FCC force all internet companies and cables to provide us low income less charges
monthly,etc I must be fair hearing person who can hear beautiful better than deaf cannot accept to hear
anything because we are very frustation with hearing people.

Please, let's me know about this and reply me email,if you dont understand this emails and we can contact
you through VRS Inteprenter.I can call your number phone 418-1475 (202)

In addition FCC need to provide Spanish To Spanish VRS have many hearing Inteprenter have three
languages. I have waited for a years nothing hear at al, companies VRS.

Thank you
Evelio Arteaga
