Our deaf earn very low income and suffereing what is causing all companies Sorenson VRS,Hands On Vrs, ans others companies very competetives that spoils to us very interesting that maybe Deaf community will lost decreased the interest the broadband Interent cost mostley from \$45 a month and up.We thought Internet provider is the lowest prices from \$9.99 to 23.90 under cable comcast network, road runner, Bright House Network,Cox cables and AOL,MSN,Yahoo,etc that times technlogy avanced that increased double prices that We cannot afford for the prices our low income limit.

We need to do is I wish FCC force all internet companies and cables to provide us low income less charges monthly,etc I must be fair hearing person who can hear beautiful better than deaf cannot accept to hear anything because we are very frustation with hearing people.

Please, let's me know about this and reply me email,if you dont understand this emails and we can contact you throught VRS Intepreter.I can call your number phone 418-1475 (202)

In addition FCC need to provide Spanish To Spanish VRS have many hearing Intepreter have three languages. I have waited for a years nothing hear at al, companies VRS.

Thank you
Evelio Arteaga
