How safe are County courtrooms?

After a Georgia man went on a shooting rampage, killing an Atlanta judge, court reporter and deputy, officials admitted courthouse security in some Middle Tennessee counties is not as strong as it should be.

Fire damages machinery

News Examiner photo by Deborah Highland

Production at a Gallatin industry has been slashed in half because of a fire that occurred inside a piece of heavy machinery Wednesday morning.

[more»](#)

Gallatin firefighters arrive at Insteel Wire Products Wednesday to fight a fire contained within a large piece of machinery. No one was injured.

City officials approve funding

Gallatin city officials voted to empower its economic development agency (EDA) to decide whether or not to maintain the city's level of funding to Forward Sumner Economic Council.

Our History

The residents of the Millersville area voted to incorporate and form a city in May, 1981. At the time of its incorporation, the city's population was 1,214. The population today is 5,308. Most of the population increase was accomplished by annexations.

Millersville is located on the boundaries of Sumner and Robertson Counties, far from the county seats of each. At the time of incorporation, the area was sparsely populated and received little attention from the county governments. There were no paved county roads in the Millersville area. The three bridges located within the original area of incorporation were sub-standard. All three bridges were condemned by the Tennessee Department of Transportation within eight years of the city's date of incorporation. Sewer was unavailable to the area and the majority of septic systems within the area were defective, resulting in contamination of ground water and streams. The only fire protection available was the Sumner County Volunteer Fire Department. Fire insurance for residents was expensive, when available, due to the area's Class 10 rating by the Insurance Services Organization. Police protection was provided by the respective counties. However, response time was generally excessive due to the manpower available and travel distances involved. Inspection of construction and enforcement of county zoning laws was practically nonexistent, as evidenced by the patchwork mixture of residential and commercial areas, as well as the various types of intermingled construction within the city and surrounding areas.

When the city incorporated, it adopted the City Manager-Commission form of government pursuant to Tennessee Code Annotated 6-18-101 et seq. The first Board of Commissioners, consisting of three members, was elected in June, 1981, and assumed office in July, 1981.

The Commission quickly established police and fire departments and enacted a comprehensive zoning ordinance with the assistance of the Tennessee State Planning Office. One of the first public works undertaken was the replacement of the bridge at Williamson Road and Slaters Creek Road.

The City's first budget had less than \$90,000 available for operation of the city government. With the help of dedicated volunteers and assistance from neighboring cities and Sumner County, Millersville was able to equip and man the police and fire

departments. State shared taxes which had been going to the county were now paid directly to the City of Millersville.

Since its inception, Millersville has aggressively pursued grant funds to develop and improve its superstructure. Grants and low interest loans were acquired for the construction. With the proceeds of a bond issue, the city initiated an extensive street paving project in 1989 and paved all of the primary roads within the city. Also in 1989, the city constructed its new City Hall funded primarily by a second bond issue.

The City owns a 27 acre tract of land that is designated for recreational development. The land was acquired in 1992 through a combination of purchase and donation.

In 1993, the city purchased the former Millersville Elementary School from Sumner County. The building is currently being used as a Community Center and is available for rental through City Hall.

Vice Mayor Phillip Uldrich

Commissioner Geary Falk

Commissioner Jeff Hooper

Commissioner Tim Lassiter

The City Commission enacts all ordinances and resolutions, adopts the budget, and sets policy. The Commission appoints the City Manager, the City Attorney and members of all Boards and Commissions.

The City Commission consists of five members who are elected and serve four year terms. The Mayor and Vice-Mayor are elected from among its members. The Mayor is the presiding officer.

Non-partisan elections are held every two years, alternating between two and three positions per election.

City of Millersville

The following volunteer committees are appointed by and advise the City Commission:

- ▶ **The Millersville Planning Commission acts as an advisory board to the City Commission on matters dealing with the city's land development. The commission hears and makes recommendations on applications for rezoning, exemptions and annexation. The Planning Commission must approve the subdivision of land and sets the regulations governing the subdivided properties. The seven member board meets on the 2nd Tuesday of the month in the Commission Chamber at 6:30 p.m. Click below to view the PC calendar.**

Millersville Planning Commission Calendar of Events

- ▶ **The Millersville Board of Zoning Appeals is a five member board that has the responsibility of hearing requests for exceptions to the zoning ordinance or the subdivision regulations. The Board meets on the first Tuesday of the month if application has been made for a hearing. Members are appointed by the Mayor and approved by the City Commission.**

BZA Calendar of Events

- ▶ **The Millersville Towing Authority regulates the permitted operation of tow trucks. The three member board consists of a City Commissioner, the City Manager**
