Please do not weaken our states (WI.) Do NOT Call Laws. I have never purchased a product from the telemarket calls in the past, they were just an annoyance and an intrusion. They managed to call during supper 1-2 times a week. Thanks for the list it has kept most of the calls away. Please don't let our state laws become weakened by federal laws.

Re: CG Docket – 02-278; DA 04-3836, Telephone Consumer Protection Act

I have elected to comment on Docket No. 02-278, a Petition for Declaratory Ruling filed by the Consumer Bankers Association asking the Commission to preempt certain sections of the Wisconsin Statutes and Wisconsin Administrative Code as it applied to interstate telephone calls.

I understand that I am making a public filing. Any information that I submit will be available to the general public.

My Comment to the FCC

We are so pleased with the results of Wisconsin's no call List law. Any modification that usurps our privacy and peace at home would be very unwelcome.
If anything the law should be more stringent, as we still get some calls yet.
I will be urging our state legislators to draft and adopt similar legislation to address the issue of junk postal mail, some of which must be shredded to protect ourselves from ID theft and fraud.

Keep Wisconsin No Call list as strict as it is now. We appreciate not being bothered by telemarketers. It is more than enough for charities and politicians to have their access — electronic or a nightmare in a "state"!

Regarding Wisconsin's NO CALL LIST, I would like to be removed on the next update. Also the unwanted phone calls we've received since the end of the Clinton administration. I do not believe some Republican Senator entered your name, but the right to make me take that choice should be mine. Call me old fashioned but I still enjoy the Fourth Amendment. The right to be secured in my home and not have my privacy invaded by unsolicited phone calls. We are signed to Democracy not Autocracy. Wisconsin's NO CALL LIST works just fine. We don't want it changed. No need to do so.

Gentlemen:

Please leave our Wisconsin Telemarketing law alone.

I do not like people that bother me in my home.

The federal law is not strict enough. We should keep the law that we have now.

Sincerely,

Janet Fromader
