Re: WC Docket No. 05-65; SBC Communications, Inc. and ATT
Corp.

Dear Ms. Dortch:

The United Community Center wishes to go on record in support
of the merger of SBC and ATT.

We have watched the increase in wireless use with interest and
have had some concern about how this will affect wireline carriers.
We certainly do not want to see the wireline infrastructure
deteriorate as this would have a negative impact on the country as
a whole and on rural areas in particular.

SBC has been a good citizen in our area. The company has been
very responsive to our technological needs. My perception is that
the merger will only make these services better.

Sincerely,

Ricardo Diaz
