RE: In the Matter of IP-Enabled Services, WC Docket No. 04-36

On May 18, in response to a telephonic question from Commissioner Abernathy about local exchange carriers' obligations to provide VoIP companies access to 911 facilities, I stated that no such obligations were necessary. Instead, I stated that the Commission should recognize that the industry has cooperated in developing E911 solutions for VoIP services, and could remind the industry that the Commission expects all parties involved to continue to work together.

Please feel free to contact me directly if you have any questions or if you need more information.

Sincerely,

/s/Susanne Guyer

cc: Commissioner Kathleen Abernathy
