v.

GULF POWER COMPANY,

Respondent.

E.B. Docket No. 04-381

DOCKET FILE COPY ORIGINAL

To: Office of the Secretary

Attn.: The Honorable Richard L. Sippel  
Chief Administrative Law Judge

**GULF POWER COMPANY'S APRIL 2005 STATUS REPORT ON POLE SURVEY**

Gulf Power Company ("Gulf Power"), pursuant to Order 5M-18 dated April 1, 2005,  
submits the following status report on the pole survey for April 2005:

- (1) Number of poles to be surveyed: 150,000 poles.
- (2) Number of poles actually surveyed to date: 2,513 poles on a first pass.
- (3) Number of poles estimated being at full capacity to date: Based on the first pass of poles only as noted above, 980 poles.
- (4) Any problems encountered with survey (e.g., weather): During the month of April, 2005, Gulf Power's service area experienced record rains (according the reports, a record 24.44 inches since measurements started to be recorded in 1880), and such weather and associated severe storms have delayed some surveying. Additionally, this is the start-up, shake-

No. of Copies rec'd OTC  
List ABCDE

out, and training period for this survey, which means that the number of poles surveyed will be initially smaller.

(5) Time estimated for completing survey: The contractor still estimates that the survey will be completed within the time frame reflected in the statement of work, or on or about October 23, 2005, being the target date.

Respectfully submitted,

---
