ELIGIBILITY

Section 78.13(a) of the Commission's rules provides that an owner or operator of a cable television system is eligible to hold a Cable Television Relay Station ("CARS") license. The current Licensee is authorized to use the subject CARS facilities in connection with its cable television operations and will continue to do so following completion of the transaction. As described in Exhibit B-2 hereto, control of the Licensee is being transferred to the Applicant. Accordingly, that company will be eligible as a CARS licensee in the CARS service.

The acquisition of ultimate control of the Licensee by the Applicant will not contravene any of the Commission's cross-ownership rules.

FAMILY TREE

*See accompanying description of transaction.

EXHIBIT B2

DESCRIPTION OF THE TRANSACTION

This application arises from a series of agreements involving Adelphia, Comcast, and Time Warner Cable. As a result of the transactions contemplated by these agreements: (1) Time Warner Cable and Comcast will each acquire various cable systems that, in the aggregate, comprise substantially all of the domestic cable systems now owned or managed by Adelphia (the "Adelphia Transactions"); (2) Time Warner Cable and Comcast will swap certain cable systems, including certain cable systems newly acquired from Adelphia and certain cable systems that they each currently own (the "Swap Transactions"); (3) Time Warner Cable will redeem Comcast's existing equity and partnership interests in Time Warner Cable and Time Warner Entertainment Company, LP, in exchange for the distribution to Comcast of certain cable systems and cash (the "Redemption Transactions"); and (4) Time Warner Cable will emerge as a publicly traded company, voting control of which will continue to be held by Time Warner Inc.

This application, and the applications being filed concurrently herewith, seeks Commission consent to accomplish the various license assignments and/or transfers of control necessary to effectuate the Adelphia Transactions, the Swap Transactions, and the Redemption Transactions. A Public Interest Statement and copies of the agreements referenced above are being submitted to the Commission concurrently herewith and can be found in MB Docket No. 05-192.

This particular application pertains to the Swap Transactions. (This is actually the "second step" in a two-part transaction. It assumes a grant of a companion application seeking approval to assign the referenced licenses currently held by Adelphia subsidiaries to Time Warner Cable subsidiaries.) It is being submitted pursuant to an Exchange Agreement, dated as of April 20, 2005, among Time Warner Cable Inc., Comcast Corporation, and certain other related entities. This application seeks approval to transfer control of certain Time Warner Cable subsidiaries and associated licenses to Comcast.
