

I appreciate being on the no call list. I do not and have never wanted to be contacted by telemarketers. They are an invasion of my privacy and I hope that lawmakers will think about that when deciding to change the law to make it easier for these people to bother us. I feel like not having a phone if I have to deal with them again. I used to receive 6-7 calls a day. I currently receive 1-2 a month. Don't change our law!
