

Sirs, Please do not change anything to do with the "No Call List". Before I signed up on the "No Call List" I would receive between 7-10 calls per week trying to sell us "stuff"ie:Credit Cards, Long Distance telephone service, Cemerty plots, windows, siding for our home. Since I signed on we receive almost zero calls now. PLEASE DO NOT LET THIS START ALL OVER. The only calls I do receive now is the police wanting money for their "bear" program or retirement funds. Thanks again for you time on this matter.
