

I do NOT want my telephone number that I PAY for abused by legislature to allow companies to 'bend' the rules of the DO NOT CALL REGISTRY. As a citizen of the USA, I feel that this goes totally against my Constitutional rights of privacy. By the government 'weakening' this ruling to allow businesses to canvas the privacy of our homes via the telephone lines is WRONG. Why can't these businesses use the postal service for their solicitation?

Why does it have to be at the expense of us, the consumers, for businesses to occupying our telephone lines for their purpose of 'solicitation'? Help us, the citizens of this country, who PAY for telephone service; HONOR our Request to keep the DO NOT CALL REGISTRY as it stands to block unwanted, unwarranted & unnecessary telephone calls.
